

TO DOUBLE 8 RANCH

SAGEBRUSH PHILOSOPHIES

Four tee decks are available for play; traditional tee markers are not used. In keeping with club tradition, the player with the Honour selects the teeing area and determines the order of play.

Sagebrush presents a demanding design with a target round time of 280 minutes. For the enjoyment of all guests, please help us maintain this standard.

All bunkers are designated waste areas. Rakes are provided on each cart – please restore the bunker as you found it.

Natural sagebrush fescue areas are played as lateral hazards. Ball searches are limited to two minutes.

When approaching greens, please drive to the side or rear of green whenever possible.

Carts are equipped with GPS and speed-control technology to support safe and responsible operation.

Please be courteous to fellow guests, the golf course, and Sagebrush team members.
